

Super Payments

Company Overview · 2025

About Us

Super Payments, Inc. is a leading e-commerce payments infrastructure provider headquartered in San Francisco, CA. Founded in 2018, we enable online merchants of every size — from solo entrepreneurs to enterprise retailers — to accept, process, and reconcile payments with speed, transparency, and confidence. Our platform processed over **\$4.2 billion** in gross merchandise volume (GMV) in 2024, serving more than **12,000 active merchants** across 38 countries.

Mission

To make commerce simpler by giving every business access to world-class payment technology — without complexity, hidden fees, or lock-in.

Core Products

SuperCheckout

Drop-in, fully hosted checkout flow optimised for conversion. Supports 40+ payment methods including cards, Buy Now Pay Later, Apple Pay, Google Pay, and local payment methods.

SuperGateway

Headless API-first payment gateway for custom integrations. PCI DSS Level 1 certified with sub-200 ms latency SLA.

SuperDashboard

Real-time merchant analytics, dispute management, and settlement reporting in a single web interface.

SuperProtect

AI-powered fraud scoring and chargeback protection suite with a guaranteed chargeback win rate of 78%.

SuperPayout

Instant multi-currency payouts to merchant bank accounts and digital wallets in over 60 currencies.

Key Metrics (2024)

Metric	Value
Gross Merchandise Volume	\$4.2 Billion
Active Merchants	12,400+
Countries Supported	38

Payment Methods Accepted	40+
Average Transaction Approval Rate	97.3%
Uptime SLA	99.99%
Chargeback Win Rate	78%
Full-time Employees	620

Technology & Security

Super Payments is built on a cloud-native, microservices architecture hosted on AWS across three availability zones. Our infrastructure is certified to PCI DSS Level 1, ISO 27001, and SOC 2 Type II standards. All cardholder data is tokenised at point of entry and never stored on merchant servers.

Pricing Model

Super Payments charges a simple, transparent per-transaction fee with no monthly minimums or setup costs. Volume discounts are available for merchants processing over \$500K/month. Enterprise custom pricing is available on request.

Plan	Transaction Fee	Monthly Fee	Best For
Starter	2.9% + \$0.30	\$0	New merchants
Growth	2.4% + \$0.25	\$49	Up to \$50K/mo GMV
Scale	1.9% + \$0.20	\$199	Up to \$500K/mo GMV
Enterprise	Custom	Custom	\$500K+/mo GMV
